“To all my special Angels of Hospice who helped me through the decline and death of my sweet Bill . . . Thank you so much. I don't know how I would have ever gotten through it without all of you.”

“On October 20, 2014, at 5:35 a.m., my brother Manny passed away. He was the oldest of four children. We were all with him. The compassion, professionalism and competence of your caregivers was incredible. It was truly amazing to watch the way in which you gently guided us through one of the most difficult situations families must face. We all appreciate more than we can express the kindness that you extended to us. You are in our thoughts and prayers.”

“I want to express my appreciation and thank you and the staff of your hospice facility for taking such good care of my brother Duane. My husband and I felt very comfortable leaving him in your hands when we live so far away and couldn't be with him. I feel fortunate that his last days were spent with kind, attentive people willing to do whatever would improve his level of comfort. The social worker was very helpful addressing some of my issues. She was patient and kind with all of my questions. Whenever I called for an update, your nursing staff was more than willing to share information and even called on their own to let me know what his condition was. Their care and concern for both Duane and his family are greatly appreciated.”

“There are not enough words to appropriately thank you for the care given to Frank. I could not have asked for better. The respect and dignity shown to him was amazing, We were truly blessed to have you in our lives during this difficult time. God bless you all.”

“Thank you for always giving Mom the best medical care possible. We greatly appreciate it. . . . Thank you for always being there for Mom and especially me. You always answered all my questions and concerns. You were a strong arm to lean on, a shoulder to cry on. . . . I cannot say Thank You enough. I always knew when I left town Mom was in good hands. You treated her so special (even when she could be a pistol!). . . . Thank you for caring for Mom and giving us comfort.”

“We want to thank all of you so much for the wonderful care that you gave Aunt Ethel. Your gentle, loving hands will never be forgotten.”

*“The team members [Nurse Julie, Nurse's Aide Katelyn, Chaplain Larry, Social Worker Andrea] are AWESOME. . . . Julie helped my father accept that the end of life was coming and learn to enjoy what life he had and not worry about putting everything in order, as that was already done – he finally enjoyed the last 4 or 5 months of life to the fullest. . . . She not only helped my dad but also prepared my mother and me the best she could. . . . Larry spent endless hours with my dad and towards the ending came whenever my dad requested; he had such a way of helping my father face what was coming and ensuring him that everything will be OK; my dad used to fear the unknown, but Larry got him to where he was no longer fearful. . . . My dad fell in love with Katelyn; he said she was the best 'fanny washer' ever and used to wait for her as she spent time afterwards with him, whether it was having a cup of coffee or just talking with him. . . . Andrea, last but not least, would just stop by and chat with dad, bring tea and watch my dad's favorite DVD with him and just listen. . . . So in closing, our Hospice Team will always be in our hearts and family. We love them so much and are so appreciative of what they did for us and the respect and dignity they let my dad have all the way until the day he passed. We could say thank you a million times, and it would not be enough for **Our Hospice Team.**”*

“After seeing the care that my husband received for his pain and suffering, I hope when my time comes, I'm as fortunate as my husband to be under your care.”

“To the BEST Hospice Staff anywhere! David and I want to thank each and every one of you, not only for the amazing care you gave our dad in the last months of his life, but for the incredible compassionate care you gave us as you helped us take care of him. . . . You each made a difficult time more bearable – you helped us have good memories of his last days that nobody can ever replace! . . . Your professionalism is rivaled by none – we may live in a 'small town' area, but you gave him and us 'big city' care – we will be forever grateful. . . . Daddy was so happy each time he would hear that one of you was coming over for a visit – he truly felt special because of the way you each treated him.”

“The family was always treated with respect, understanding and kindness. The nurses, aides, cleaning people, even the cook went above and beyond what my family expected. Although I did not want to accept it was time to move my husband to hospice, he was so relieved to be out of the hospital. Thank you for the care and respect we received.”

“I can't say enough great things about hospice. Everyone was very loving and helpful. Very sincere in their help. Even the help offered after death was wonderful. It's wonderful to know hospice is there if I need them.”
