“To all those that helped care for my mother: We can never thank you or say any words that tell you how much we appreciate your kindness to her and us as she was so helpless. May God bless you all as you continue to care for others, Thank you all for blessing our family.”

“This is to extend my deepest thanks to the wonderful hospice nurses who cared for my sister. I will always remember their supportive presence and kindness. I derived great comfort from their steady professionalism and willingness to listen. I am so proud that my own sister was a nurse who shared the same tender and humane qualities of everyone she met.”

“We could not have made it through the last days with Dad without the support of Hospice. Each and everyone of your care providers went above and beyond to help our family through this difficult journey. Thank you for what you do. You are a blessing!”

“My family and I would like to express our sincere appreciation, heartfelt gratitude and deepest respect for your guidance, help, care and support while working with our dad. Your efforts filled the last months of his life with dignity, laughter and light. Our team, Pat, Annette, Jennifer and Kristin were simply remarkable! My dad looked forward to their visits and enjoyed the pampering.

The end of life, although part of life’s circle, is a very sad and difficult time for families. Our Hospice team led us with understanding and grace. No question was too big or small. No tear excessive. Weekly phone calls from Annette kept me informed and made me laugh as our conversations soon reflected a true understanding of my dad’s personality. Patricia and Jennifer were pivotal in the first decision to place my dad in Hospice care. Their patience was without limits and their kindness without boundary. Kristen never missed an opportunity to greet my dad or make him smile.

We are forever so grateful that in the last months of his life he was treated with the humor, respect and kindness that he often extended to others. Our time with you has helped reflect the Lord’s hand. He places us where we need to be when we need to be there. We needed to be with you so that we could understand and accept the loss of our dad. It takes a special person to do your extraordinary work. Thank you for being angels on earth. We will never forget you.”

“A mere thank you doesn’t seem quite adequate to express our profound gratitude for your many kindnesses and professional care which you extended to our father and dear friend this past week. As sad as it was to see him slip away, you eased his journey by your heartwarming presence, encouragement and care. You provided us, the family, the necessary privacy to acclimate ourselves to the inevitable and to begin our healing. We couldn’t have asked for more, for him or for us. Our sincere and grateful thanks for the service you provided him as he departed and to us who remain to cherish his memory.”

“I want to thank you for your kindness, concern and care. I have been amazed and blessed by your kindness since the passing of my uncle, who was blessed to be put in your care. Losing someone you love is not easy. Your thoughtful touches always came at the right time. God definitely is using your kind caring heart to bring comfort and blessing to many.”

“To all who helped with my brother’s care: I can’t believe how wonderful your services were at a very difficult time. Everyone was so thoughtful, loving, kind and considerate. It takes very special people to do what you do. In our eyes, you’re angels. My sister and I were so impressed, and so grateful for everything you did for my brother. You all have a special place in our hearts, and I’m sure you will all have a special place in Heaven when you get there. Thank you again so very much!”
