“Our family wishes to thank you for your kindness and support. We are humbled by the care and compassion shown to us by all of you. Our mother’s passing was one of love and peace. We thank you for making this last memory of her one of dignity and grace.”

“Words can’t describe the care and the love that was shown to us during the last week of our father’s and grandfather’s life. We now know that there are truly angels on earth. To each and every one that was here with us we thank you. May God bless you greatly.”

My mother was a patient of Hospice of the Nature Coast. I just want to take a moment to tell you that the staff treated us exquisitely during our time with them. We were previously with [a different] Hospice, and the difference was night and day. I would also like to comment about one particular employee. Her name is Tammy, and she was the care assistant that my mother most often dealt with. She made my mother feel like a princess, and my mother looked forward to her every visit. I have worked in healthcare now for about 32 years, and she is a rare find. I admire her mostly for her competence in the work she does. She is nothing short of excellent. But, in addition, she treated my mother so beautifully that my father and I will be forever grateful to, and for, her. I want to thank all your staff for such fine care in a somewhat difficult situation.

“Thank you so much to all of you. I couldn’t have done without all your help before and after my husband’s death. Appreciate and so grateful for what you’ve had done for us. Can’t thank you enough to all of your Hospice Health Care Team. Thank you for thoughts and prayers. God bless you all!”

“My family and I wanted to thank you for the wonderful support and care you gave to Nick in his last days. I can’t tell you how much I appreciated the fact that such a professional staff came to our home to see to his needs. Please extend my sincere thanks to Larry, Michelle, and nurses Anne, Sheila, Colleen, Cindy, Francie, Norvly and Diane. I need to extend a very special thanks to Nancy. She was here for a number of shifts and was here when Nick passed. Her professional care and concern was such a comfort to me. She is a credit to your entire unit. Again, my sincere thanks for a job well done.”

“My sister and I want to thank everyone on the wonderful care you gave to our dad. We both live out of town and between visits felt so supported by the care given to our dad and the time everyone took to answer our questions. The excellent care you provided gave our mom the emotional support she needed. Your services surpassed all our expectations, and we will forever be thankful for your part in our dad’s journey.”

“Thank you so much for the loving care that was given to my mother.

Kathleen was always helpful with suggestions to make my mom more comfortable. LaTosha was always respectful of my dad’s wishes and acutely aware of his love and devotion to my mom. Tammy was an angel who treated my mother like royalty. She once held my mother in her arms for nearly an hour when my mother lost consciousness in the shower. My dad said she never panicked or complained. She got help to assist my mother back in bed and continued to give the best possible care to my mother until the day before she died.

Kathy was able to meet my mother’s spiritual needs in such a unique way, without imposing religion. My mother really looked forward to those visits. J.D. has been a great source of information about things to be done, without being insensitive or judgmental. Carol and Fratricia were the nurses that were with us most for end-of-life care. Their knowledge and experience were evident in their observations, continual care and attention to my mother’s comfort. They provided so much more than care to my mom – genuine concern and respect for her. Both nurses were aware of subtle changes and never stopped attending to her, even as she slept.

Christina was called and was so calming and had a wonderful professional but kind gentle approach. She waited with us until the funeral home attendants arrived and offered more than her condolences. I had few occasions to call the office, but when I did Robin was always a warm, friendly and helpful voice.

The requests from caregivers and family were always followed up on. For all the other behind-the-scenes people that make Hospice the wonderful organization that it is, I say thank you so much for all that you do. My family was lucky to have received such devoted care, and we thank you so much.”

“Myself, my children and most of all Bill were truly blessed to have you in our lives for such a short time. Thank you again for all your kindness and support. Bill is truly at rest now.”

“No words can express my admiration and gratitude for your absolute dedication to the care of my brother in the final days of his life. You provided exceptional care as well as incredible support for me in a painful situation – being so far away from him. I will always be deeply grateful to all of you, every single one, for your compassionate and loving care.”

“To all of you that were here to help Jim and myself, I say to you that without your coming to our aid I wouldn’t have made it. All of you are angels here on Earth. I was becoming overwhelmed what with being the caregiver for Jim. I don’t think either Jim or I realized how ill he was becoming. I cried out for help, and you were here within half an hour. I will forever be thankful for all of you. Hospice will be in my heart forevermore.”

“We can’t thank you enough for helping with our mother’s care and Chaplain Steve doing her funeral service. You made it possible, along with her caretaker, for her to stay in her home and live her final days as she wished. Thank you so much.”

“This is just a note to express my appreciation for your help and to thank you and your staff for all you did for me and the family. Your caring and empathy really helped me get through a tough time. I love Hospice and its staff. Please give everyone a hug from all of us. Thank you.”
